But the winner of that race, veteran Brittany Bowe, gave her spot to Jackson and said "no one's more deserving." Jackson, 29, said she was "grateful and humbled" by Bowe's kindness. It ended up working out for both skaters in the end; some nations returned their Olympic quota spots, opening up an extra spot that would allow both Jackson and Bowe to compete. Bowe, 33, already was set to race in the 1,000 and 1,500 meters. Dean Mouhtaropoulos/International Skating Union/Getty Images
